The original date for June 2020 had to be postponed due to Corona. At the time of this new 1st circular, the circumstances for June 2021 cannot be foreseen; the organizing committee will make all preparations as may be necessary at the time. In the event of severe travel restrictions, consideration is also being given to a video conference, a meeting in which several participants, who are at different locations, can be optically and acoustically connected to the pre-day room using video technology.

In the event of a complete cancellation due to Covid19 for June 2021, there will be no further postponement. The abstract volume will be completed, printed and then sent to all registered participants who have paid the conference fee.

Conference and excursion fees paid up to now have been transferred to the new date in June 2021 or have been and will be transferred back on request.

Even those who were not registered for 2020 have the opportunity to come to the 15th ERBE Symposium in Eggenburg and take part. You are cordially invited! Please register for 2021.

Unfortunately there are often changes to the email and postal addresses; please inform the conference office of this. You are also asked to forward this circular to colleagues who might not be on the mailing list.
